

DMC67 (MIL-T-83507/17-01) MAINTENANCE KIT For Electrical Connectors and Wiring Systems

**DMC67 (MIL-T-83507/17-01)
TOOL KIT**

The DMC67 tool kit contains the AFM8 tool frame, tool gage, and all mil-spec positioners. Also included in the DMC67 are tool instruction sheets and a tool cross reference chart.

Qualified to MIL-DTL-22520/2, the DMC AFM8 was designed for most miniature and subminiature connector types that are so widely used in electronics systems.

The AFM8 meets the need for a miniature tool accomodating wire sizes 20 through 32 AWG, with positioners which adapt it to virtually all applications consistent with others in the MIL-DTL-22520 family.

DMC67 TOOL AND ACCESSORY LIST

| | | |
|---|---|----------------------------|
|  | 1 | Crimp Tool |
|  | 9 | Positioners |
|  | 1 | In-Service Inspection Gage |

TOOL KIT CONFIGURATION

| | |
